AQUASPIRIT

Aquaspirit is a Ukrainian shipbuilding company specializing in the production of high-quality aluminum RIB-class boats. We manufacture reliable, durable vessels that combine innovative design, comfort, and excellent performance. Our team brings together leading industry professionals and applies modern design and manufacturing technologies to develop models that meet current market demands. Top quality and safety are our absolute priorities: each boat is certified according to EU standards and marked with the CE label. Continuously improving our design solutions, we focus on customer needs and offer models that serve equally well for active leisure and professional use.

SPIRIT 700

Aquaspirit S700 is the flagship model from AQUASPIRIT, featuring a modern, dynamic design and outstanding seaworthiness. This RIB boasts a fully aluminum hull and D-shaped tube, which significantly increases internal space, comfort, and safety compared to competitors. With an engine of up to 300 HP, it can reach speeds of up to 100 km/h, delivering impressive handling and superb performance on the water. Thanks to a spacious cockpit with seating for 11 passengers and generous storage compartments, the Spirit 700 is ideal for cruising, watersports, or relaxed outings. The model is available in various configurations and can be additionally equipped with a fridge, table, sunbeds, sunshade, portable toilet, compact galley, shower system, and more.

TECHNIACAL DAT	S700

SPIRIT 585

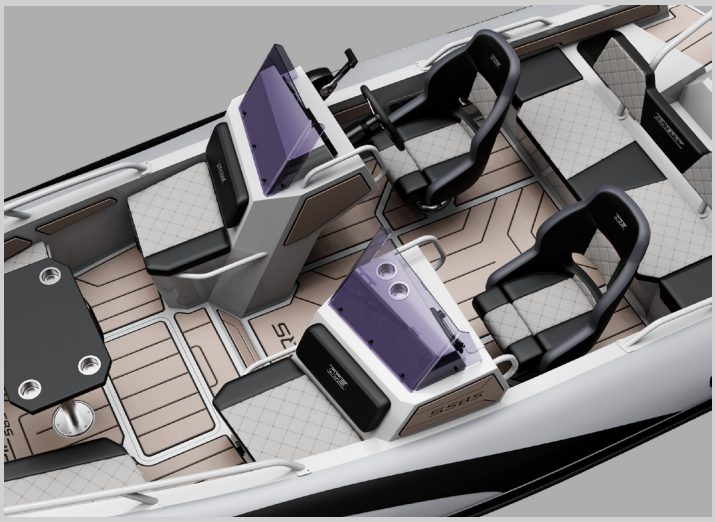

Aquaspirit S585 is a perfect blend of top-tier performance and comfort in a compact form. Fast, agile, and exceptionally stable even in turns or rough waters, the S585 ensures a smooth and confident ride. Every detail is designed with comfort in mind: a well-organized deck, cushioned seating, and ample storage space for personal belongings. This boat opens up a world of adventure — from energetic water sports to leisurely coastal cruising. The S585 comes in two versions and can be configured either with a central console or dual side consoles. It can also be equipped with a sunshade, extended bow seating, a table, navigation arch, engine guard, and other custom features.

SPIRIT 530

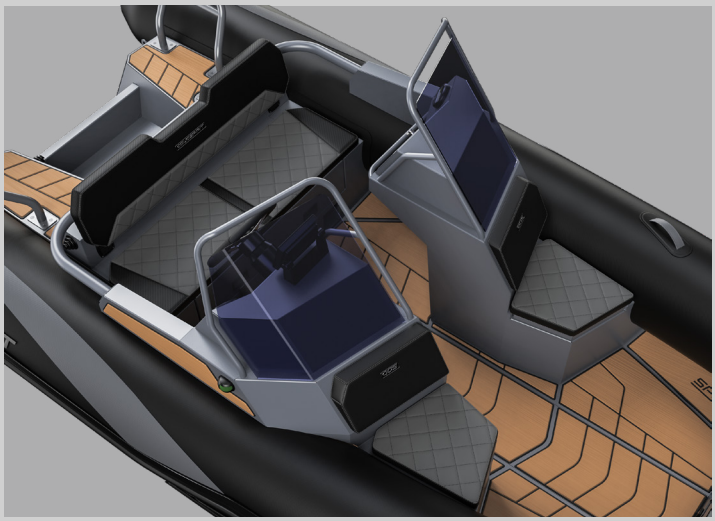

Aquaspirit S530 is a stylish and comfortable 5-meter RIB that combines agility, stability, and smart design. With space for up to 7 passengers, it's perfect for parties, waterskiing, wakeboarding, sunbathing, or just relaxing on the water. Built with a durable 4 mm marine-grade aluminum hull, the S530 features a sleek, V-shaped hull and wide stern that ensure excellent seaworthiness and impressive performance. Paired with a 100 HP engine, it can reach speeds of up to 70 km/h. Easy to transport and launch, the S530 is an ideal boat for leisure. It's available with either a central or twin-console layout, and also comes in professional configurations for police, fire-fighting, and search-and-rescue operations.

SPIRIT 450

Aquaspirit S450 is the ideal entry-level boat for leisure and recreation, easily transportable on a trailer. It combines the compact size and simplicity of construction with the advantages of larger Aquaspirit models. The boat comfortably accommodates four passengers, with a maximum capacity of six. Storage compartments under all seats add convenience during longer trips. The double-walled aluminum hull is equipped with an automatic bilge pump for added safety. Powered by an economical 60 HP engine, the S450 reaches speeds over 60 km/h. With an optional stern arch, it's great for waterskiing and towing inflatables. Thanks to its ability to plane with just a 15 HP petrol or 6 kW electric motor, it can be operated license-free in many regions. The model is also available without a console and in a professional version tailored for emergency services.

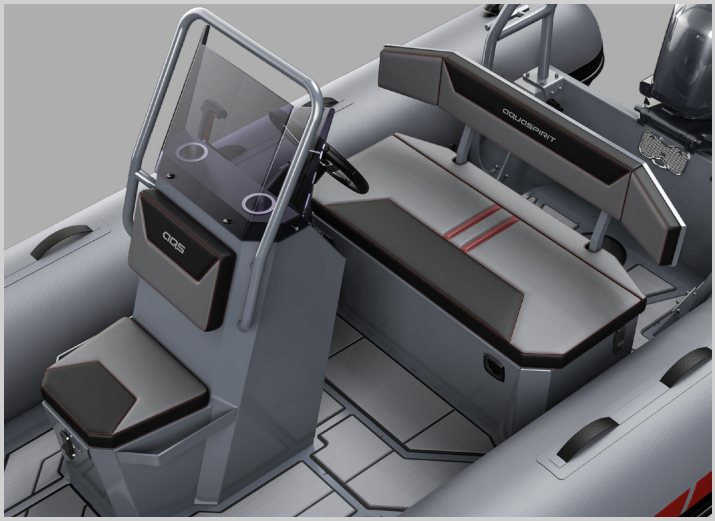

TECHNICAL DATA	S450
Length o.a	4,42 m.
Width o.a	2,14 m.
Draft (base load)	0,3 m.

SPIRIT 370

Aquaspirit S370 is a fast and agile tender with a unique design. This boat combines compact external dimensions with an impressive 1.20 m-wide cockpit, comfortably accommodating up to four people. It comes equipped with a console featuring a windscreen, perimeter handrails, and plenty of storage space for personal belongings. A key feature of the S370 is its special foldable mechanism for tender garage storage — an ideal solution for yacht owners. The boat is fitted with a built-in 40-liter aluminum fuel tank, enabling long trips without refueling. A wide bow platform ensures easy access to the cockpit, while the open deck layout allows for either a central or side console configuration. The S370 is standard-equipped with a removable ski mast for watersports and can also be fitted with stern platforms featuring an integrated folding ladder.

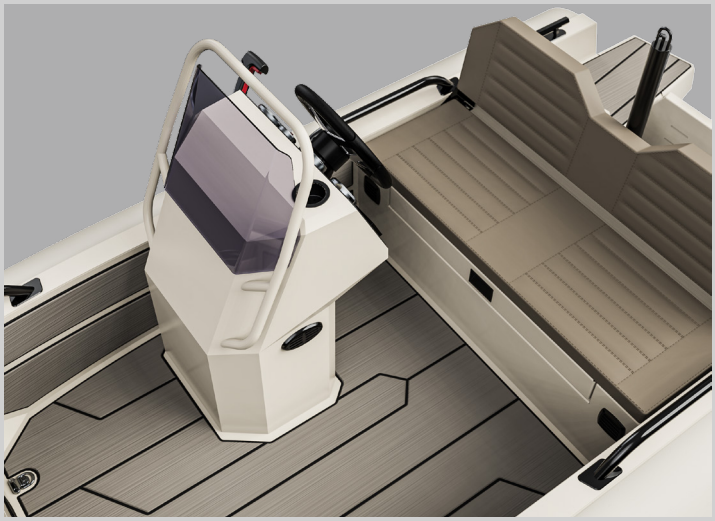

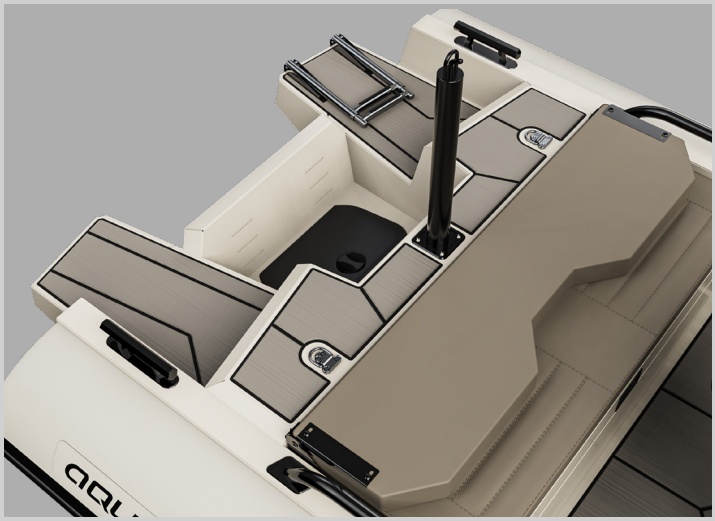

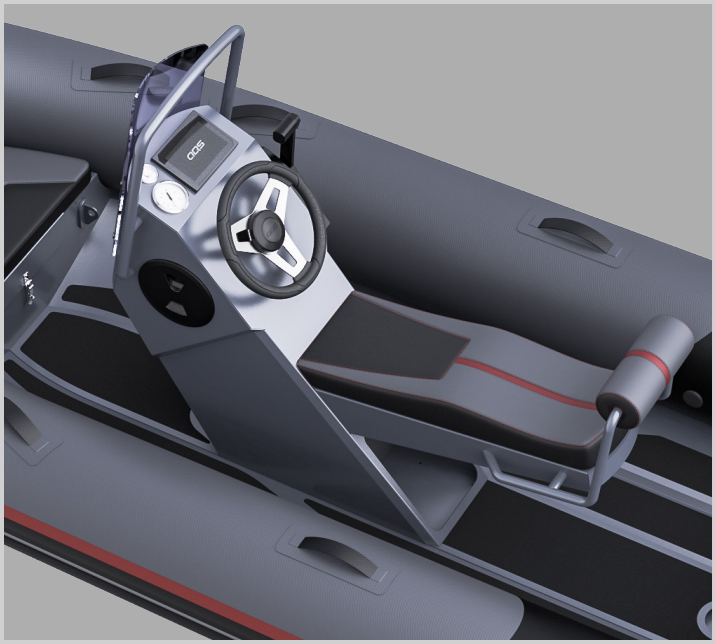

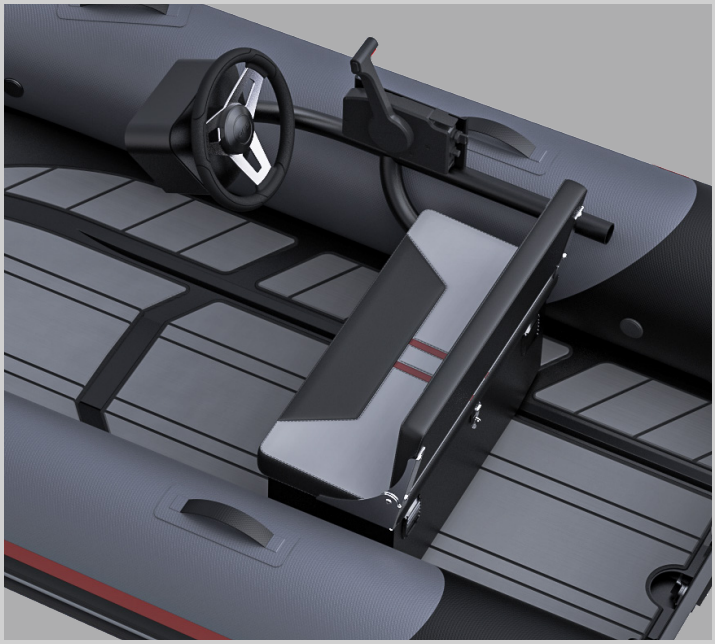

TECHNICAL DATA	S370

SPIRIT 290-350

Aquaspirit tender series stand out for their light weight, durability, and versatility. Each model is available in a variety of configurations, including side or sporty steering consoles. Customers can also choose from different tube materials (PVC or Hypalon Orca) and color options. All boats feature an open cockpit layout and come equipped with an under-deck fuel channel. An optional bow platform can be installed to facilitate boarding and docking. These models are ideal for both fishing enthusiasts and families enjoying coastal cruising. The S350 supports engines up to 30 HP, making it a practical solution for towing water skis or a wakeboard.
